

WHITEPAPER

CRAFTYFI.IO

ABOUT CRAFTYFI

Are you full of adventure? Join us and enjoy the trip into the immense world of CraftiFy.

Find a match and take the battle against powerful orcs defending their treasure! Kill other players to loot their diamonds! The winner gets everything, the loser gets nothing! Isn't it the sweetest game ever?

Exchange your diamonds to tokens that are used to buy unique NFT items increasing your power!

CRAFTING

Mint , trade and collect unique NFT items.

There are seven categories of items: head, armour, footwear, weapon, shield, gloves, shoulder pads.

The gear has rarity item. Starting from common and ending with Legendary. All these are unique and replaceable.

There are 3 fighting classes in CraftyFi: Archer, Mage and Warrior.

Craft your own hero and become invincible!

CLASSES

Archer

Archers are fast hunters who rely on accuracy. They detect threat ranks in battle, unleashing volley after volley with the deadly alarm of a hail of arrows, thus causing panic and dissension.

Mage

Mages are spellcasters specializing in dealing fast and strong damage both on one target and on the selected area. Do not advise you to meet them on your way otherwise you will regret.

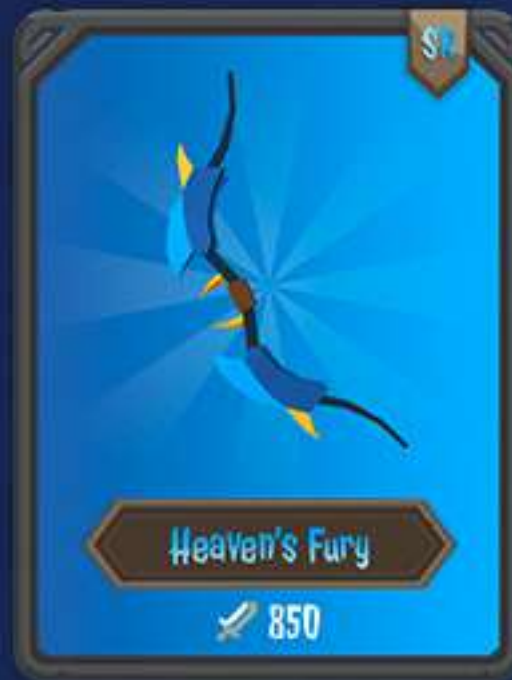

Warrior

Warriors are powerful melee fighters that are fully armoured. Warriors, no doubt, withstand the most powerful attacks and protects friends from blows, taking damage on themselves.

NFT

ROADMAP

Q4 2021

Game design & Art concept
Community building
Start of the game development
Strategic partnerships
Whitepaper launch

Q1 2022

CFY seed and private sale round
CFY Initial Dex Offering
Decentralised Exchange Listing
Launch Beta R1
Centralised Exchange Listing
Staking launch
CraftyFi NFT items sale

Q2 2022

CraftyFi Official release on IOS & Android
Game Updates
CraftyFi Land sale
Integration of custom Lands
Release roadmap for 2023 year

Q3 2022

AirDrop campaign
CFY smart contract audit
Development reports
Start marketing campaign
Private Alpha test
Launch MarketPlace
CraftyFi Official release on PC
Game Updates
Exchange listing

CORE TEAM

We are crypto enthusiasts and game lovers living in the metaverse.

Our team consists of professional developers, crypto investors, designers and managers.

We do have a lot of experience in game development.

Our aim is to create a "minecraft" like game involving RPG elements based on Binance Smart Chain! We believe that the future is for metaverse!
